

Second Stride Horse Donation

Please email any questions to info@secondstride.org

Visit our website at www.secondstride.org

In order to facilitate the best level of care to our donors, adopters and horses: All horses accepted into our program must enter the program within 7 days unless otherwise agreed upon. Please let us know if you need help with shipping to meet this deadline. Due to the nature of our program, we always have a waiting list of equines needing help, and adopters wanting horses. Horses not entering within that time-frame may be placed back on our wait list, and a new horse may need to come into that spot. If you have a delayed entry of your equine onto the Second Stride premises, you will need to be sure there is still an open spot.

Registration Papers:

Please provide Second Stride with the foal papers and coggins on your equine. The Jockey Club registration/Foal certificates are processed through the Jockey Club as not for racing stock to ensure that at some future point post adoption the horse cannot be raced. Without doing this, someone could apply for duplicates and try to fraud the association. The new not for race use papers allow the horse to be registered in the different show organizations and breed inspections for show horses, yet will not allow the horse to be raced. It will still allow the horse to be bred though and produce registered Thoroughbred offspring. That is out of our control. So read carefully the content below on our breeding policies.

Breeding policy:

Second Stride frowns upon breeding of horses. All horses entered into our program are ridden for mental and physical assessments, and individualized training programs will be developed for each one's specific learning needs post assessment. We try to target the use they would be best suited for and train them toward for that second job.

Colts/Stallions:

All colts entered into our program will be castrated. The average cost is \$250 for on the farm castrations. Older horses are at a greater risk during castration of having complications including death. The average cost to castrate a non descended testicle horse or aged stallion is \$1,200 as it usually needs to be done at an equine hospital. Donations to cover this care is appreciated.

Mares:

Though we focus on finding riding homes for our adopted horses, mares accepted and donated into our program could be bred beyond our control at some point in their life after being adopted. If you would like to make sure this will never happen to your donated mare, you can have her spayed **before** donating her into our program. Once they are cleared post surgery to be able to be ridden they may come into the program at that time. The average cost of this is \$1,500-\$2,000 all inclusive, plus some minor post surgery lay up care. Feel free to request a list of contacts of equine hospitals that can perform this surgery for you.

If you cannot afford to do this and absolutely want to be sure your mare is never bred, we greatly recommend looking into a permanent retirement program that does not adopt out the mares to other owners, but instead houses them for the life of the horse. You may also look into private boarding care facilities where you can pension the mare and pay for her care during her life. Feel free to ask for some referrals of these type of programs.

*Please initial here that you have read the above program information on our breeding policies. _____

Donor Information

*Donation Date: _____

*Donor Name: _____

*Donor Address: _____

*Donor Phone: _____

Trainer Name: _____

Trainer Phone: _____

Equine Information

*Equine Name: _____

*Breed: _____

Jockey Club#: _____

Tattoo#: _____

*Equine Age: _____

*Equine Gender: _____ Colt/Stallion _____ Gelding _____ Filly/Mare

*If Filly/Mare, is there a chance she could be pregnant? _____ Yes _____ No

*At which track/training center was this equine last stabled: _____

*Is this equine sound: _____ Yes _____ No

*If not sound, please describe soundness issue: _____

Equine Information (cont)

*Please describe the equine's temperament and/or any habits about which Second Stride and its adopters should know: _____

*Does this equine have any known bad habits or vices? (ie: Cribbing, Biting, Kicking, etc):

_____ Yes _____ No

*If yes, please describe this equine's bad habits/vices: _____

*Has this equine ever injured someone? _____ Yes _____ No

*If yes, please explain: _____

*Is this equine a cribber? _____ Yes _____ No

Vaccination History

E&W Encephalomyelitis: ___/___/___ Rhino Flu: ___/___/___ Tetanus: ___/___/___

Rabies: ___/___/___ West Nile: ___/___/___ Botulism: ___/___/___

Other vaccinations: _____

Worming History

Product Last Wormed With: _____

Date Last Wormed: ___/___/___

Hoof, Dental Care & Coggins History

Date Last Hoof Care: ___/___/___

Date Last Dental Care: ___/___/___

Date Last Coggins Drawn: ___/___/___

Additional Information

***Have all owners, partners, or syndicate members been made aware of the donation of this equine to Second Stride?**

_____ Yes _____ No

***Will you be making a tax deductible donation to help cover the costs of caring for this equine while it is with Second Stride?**

_____ Yes _____ No

By signing here, you are providing permission to release vet records, ultrasounds, or x-rays on donated equine to Second Stride: _____

Vet Name: _____

Vet Phone: _____

Additional Vet Name: _____

Additional Vet Phone: _____

If you would like to receive updates on this equine after placement, please provide your email address:

Equine Donor Form Agreement

Equine's Name: _____

JC#: _____

Donor shall indemnify, hold harmless, and defend Second Stride Inc., its employees, volunteers, Board members, agents and successors in interest from all claims, damages, losses and expenses including attorneys' fees, arising out of or involving, directly or indirectly, the donated horse or breach of this donation contract provided that such claim, damage, loss, or expense is: (1) attributable to personal injury, bodily injury, sickness, death, or to injury to or destruction of property, including the loss of use resulting therefrom, or breach of contract. This Hold Harmless and Indemnification Clause shall in no way be limited by any financial responsibility or insurance requirements and shall survive the termination of this donation contract.

By signing below, you are agreeing to the following: As the licensed agent, owner or ruling share owner, I hereby donate the above named equine to Second Stride, Inc., and thereby relinquish all ownership in this animal. I understand Second Stride will not be held liable for any ownership disputes resulting from this donation. I understand that Second Stride will not be responsible for any financial obligations incurred by the owner(s) on behalf of this equine prior to its donation to Second Stride, Inc. Should Second Stride find a suitable home, I understand that I am consenting to the adoption of the equine by an individual or organization approved by Second Stride. I understand and agree that I am transferring full ownership of my equine to Second Stride and that Second Stride has full authority for all necessary veterinarian procedures including euthanasia if necessary.
