

Woodhaven Country Club

Woodhaven has an 18-Hole Championship Golf Course. The back nine is characterized by rolling hills and tree lined fairways, while the front nine is significantly longer and more challenging. The fairways and tees are a lush Bermuda grass, and the well manicured bent grass greens are Woodhaven's pride and joy.

ABOUT SECOND STRIDE

Second Stride, Inc. is a 501(c)3 tax-exempt, non-profit organization providing professional rehabilitation, retraining, and placement for retired thoroughbred racehorses in qualified homes so they can reach their full potential in productive second careers. Second Stride is made up of volunteers who are active in other areas of the racing industry: owners, partnership managers, handicappers, and trainers. We are working to improve racing from within. And we know from firsthand experience how many people have the desire to retire a horse safely, but at times find that difficult to do. We understand. We've been there. So now we're doing what we can, and looking for others who can help by doing what they can. We understand the importance of the racing industry to Kentucky and the rest of the world. Not only does racing provide a huge economic impact, but the advances in equine research and medical care would not be what they are today without it. We are here to work with the racing industry, not against it.
